

From now on, each area in Ashdod is a separate alert area, to be operated only in case of danger to the area.

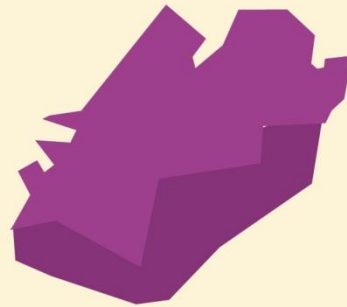

You are invited to get to know the name of your area.

You have 45 seconds to enter a protected shelter. If you hear a siren, get into a protected area and wait 10 minutes

The alert will appear on television, on the Home Front Command website, on the Home Front Command app and on the radio.

Want to know which alert area you belong to? Go into the Home Front Command website, type your town of residence, choose the street you live on and you will receive your alert area.

For further information, contact the Home Front Command information center on telephone 104, Facebook or on the Home Front Command website: www.oref.org.il
For the municipal hotline: 106

Download the Home Front Command app, your personal warning siren.
